A photograph of three diverse students sitting outdoors on a campus. A woman on the left with glasses and a red hoodie is looking at a book. A woman in the middle with long dark hair and a white jacket is smiling and looking at the same book. A man on the right with short dark hair and an orange jacket is also smiling and looking at the book. They are all holding books and appear to be studying together.

ABOUT US

TOPLAND UNIVERSITY

Topland University is a Degree awarding Institution that is officially Chartered by the Ministry of Education of Curacao.

Topland University is a unique Private University that delivers quality and affordable education to our students. Topland University is situated on the Island of Curacao, Dutch Caribbean. Curacao is one of the most beautiful countries in the Southern Caribbean.

Topland University is an online and distance learning University. Our programs are academically and professionally tailored to suit the needs of today. You will find your study with us interesting. Our tuition fee is affordable and our students are at liberty to pay by installment which could be either monthly, semester or yearly. Our programs are taught and supervised by well qualified lecturers with both academic and practical experiences. We bring quality education to your door. Our admission is opened round the year. Students can register and commence immediately. You can earn our degrees from anywhere you are in the world. Top your career with Topland University.

OBJECTIVES

- To deliver quality education to our students
- To admit students without discrimination
- To incorporate the act of entrepreneurship to our students
- To incorporate the act of research and development to our students
- To use education as a means of empowerment
- To imbibe the act of creativity to our students

UNIVERSITY'S APPROVAL

Topland University has officially obtained its Charter from the Ministry of Education of Curacao. The Charter authorizes the establishment of Topland University on the Island of Curacao and gives the University the power to award Academic Degrees.

GOVERNANCE

The Governance of Topland University consists of the Board of Directors, Academic Board, and Non-Academic Board. The Academic Board of the University shall be headed by a Vice Chancellor and Deputy Vice Chancellor. The Non – Academic Board of the University shall be headed by the Registrar. Each Faculty shall be headed by a Dean.

CURACAO

Topland University is situated in Curacao. The Country of Curacao is located in the Southern Caribbean of the region of Dutch Caribbean. Curacao has an attractive economy sector which consists of tourism, international trade, shipping services, oil refining, oil storage and international financial services. The island of Curacao is a politically stable country in the Caribbean region.

Curacao is an Overseas Countries and Territories (OCT) of the European Union. Nationals of Curacao are citizens of the European Union, even though it is not a member. Based on its OCT status, products that originate in Curacao have preferential access to the EU and are exempt from import duties. The Island has state-of-the-art information and communication technology connectivity with the rest of the world, including a Tier IV datacenter. With several direct satellite and submarine optic fiber cables, Curacao has one of the best Internet speeds and reliability in the Western Hemisphere.

The Island has a well-developed infrastructure with strong tourism and financial services sectors. Shipping, international trade, oil refining, and other activities related to the port of Willemstad (like the Free Trade Zone) also make a significant 6

Note: 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

3. Doctor of Business Administration (DBA)

The Doctor of Business Administration (DBA) is a top degree in the postgraduate school of the Faculty of Business with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions in various industries. Student is at liberty to choose either Doctor of Business Administration (DBA) or Doctor of Business Administration (DBA) with specialization in:

1. Accounting
2. Aviation Management
3. Engineering Management
4. Forensic Accounting and Auditing
5. Finance
6. Health Care Management
7. Human Resource Management
8. Logistics and Supply Chain Management
9. Marketing
10. Occupational Health, Safety and Environmental Management
11. Operations and Supply Chain Management
12. Procurement and Supply Chain Management
13. Project Management
14. Shipping Management, Export and Port Administration
15. Strategic Management, Innovation and Entrepreneurship
16. Information Technology Management
17. Tourism and Hospitality Management
18. Transport and Management
19. Management
20. Banking and Finance
21. Investment Management, Risk and Finance
22. Internal Control, Compliance and Fraud Investigation
23. Quality Management
24. Facilities Management

Note: (a) 54 credit units are required for Doctor of Business Administration (DBA) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 9 credit units for doctoral seminars and 16 credit units for thesis. (b) 54 credit units are required for Doctor of Business Administration (DBA) with specialization and its categorized as follows: 15 credit units for core courses, 8 credit units for general courses, 6 credit units for specialization courses, 9 credit units for doctoral seminars, and 16 credit units for thesis.

PROGRAMS

FACULTY OF LAW

Bachelor's Degree Programs

1. Bachelor of Arts in Legal Studies

The Bachelor of Arts, BA in Legal Studies is an undergraduate program in the Faculty of Law with the objectives to expose students to legal studies. Students will get to learn various aspect of law and its connection to people, public and private entities. The legal studies program is unique and is open to students who do not want to practice law but want to have good knowledge of law. Considering the importance of law in any jurisdiction, getting a sound knowledge in law will be an added advantage.

Note: 120 credit units are required for Bachelor of Arts in Legal Studies and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

2. Bachelor of Arts in Digital Forensics and Cyber Security

The Bachelor of Arts, BA in Digital Forensics and Cyber Security is an undergraduate program in the Faculty of Law with the objectives to expose students to Digital Forensics and Cyber Security. Students will get to learn various aspects of digital forensics and cyber security analysis. The digital forensics and cyber security program is unique and gives students the opportunity to learn the various principles and the applications of these principles to prevent cyber crime. Globally, cyber crime rates keep increasing and there is need to detect and prevent cyber crime. Digital Forensics and Cyber Security program play a vital role in teaching students on the art and science of detecting and preventing cybercrime.

Note: 120 credit units are required for Bachelor of Arts in Digital Forensics and Cyber Security and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

3. Bachelor of Arts in Criminology, Forensics and Criminal Justice

The Bachelor of Arts, BA in Criminology, Forensics and Criminal Justice is an undergraduate program in the Faculty of Law with the objectives to expose students to Criminology, Forensics and Criminal Justice. Students will get to learn various principles, models and theories of criminology, forensics and criminal justice and its connection to people, public and private entities. Most crimes need a forensic knowledge for proper investigation and storage of evidence. In most jurisdictions, crimes and its punishment are codified. There is a strong connection between crime, investigation and court. The program will expose students to these connections.

Note: 120 credit units are required for Bachelor of Arts in Criminology, Forensics and Criminal Justice and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

4. Bachelor of Laws (LLB)

The Bachelor of Laws , LLB, is an undergraduate program in the Faculty of Law with the objectives to expose the students to legal principles, theories and procedures. Students will get to learn various aspect of law and it connections to people, public and private entities. Considering the importance of law in any jurisdiction, getting a law degree will be an exciting advantage. **Disclaimer:** Before enrolling on this program, student's has a responsibility to check with their Government Licensing Board whether this program meets their licensure requirements. **Note:** 120 credit units are required for Bachelor of Laws and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

Master's Degree Programs 1. Master of Arts in Legal Studies

The Master of Arts, MA in Legal Studies is a postgraduate program in the Faculty of Law with the objectives to expose students to advanced legal studies and its technicality. Students will get to learn advanced legal principles and its application.

Note: 36 credit units are required for Master of Laws in Legal Studies and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis.

2. Master of Laws

The Master of Laws, LLM is a postgraduate program in the Faculty of Law with an objective to expose students with advanced theories, principles and applications of law. The program is open to practicing lawyers. Those with Bachelor's degree in law but yet to practice can also apply for the program. Student is at liberty to choose either Master of Laws (LLM) or Master of Laws (LLM) with specialization in:

1. Commercial Law
2. Constitutional Law
3. Criminal Law
4. Digital and Information Technology Law
5. Environmental Law
6. International Law and Jurisprudence
7. Private and Property Law
8. Public Law
9. Tax and Financial Law

Note: (a) 36 credit units are required for Master of Laws, LLM and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis. (b) 36 credit units are required for Master of Laws (LLM) Degree with specialization and its categorized as follows: 20 credit units for compulsory courses, 4 credit units for elective courses, and 6 credit units for specialization courses, and 6 credit units for thesis.

3. Master of Arts in Digital Forensics and Cyber Security

The Master of Arts, MA in Digital Forensics and Cyber Security is a postgraduate program in the Faculty of Law with the objectives to expose students to advanced Digital Forensics and Cyber Security. Students will get to learn various advanced aspects of digital forensics and cyber security analysis. The digital forensics and cyber security program is unique and gives students the opportunity to learn the various advanced principles and the applications of these principles to prevent cyber crime. Globally, cyber crime rates keep increasing and there is need to detect and prevent cyber crime. Digital Forensics and Cyber Security program play a vital role in teaching students on the art and science of detecting and preventing cybercrime.

The program is targeted to prepare students with leadership skills and knowledge needed to succeed and occupy leadership positions in various industries. The program is both academically and professionally structured.

Note: 36 credit units are required for Master of Arts in Digital Forensics and Cyber Security and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis

4. Master of Arts in Criminology, Forensics and Criminal Justice

The Master of Arts, MA in Criminology, Forensics and Criminal Justice is a postgraduate program in the Faculty of Law with the objectives to expose students to advanced Criminology, Forensics and Criminal Justice. Students will get to learn various principles, models and theories of criminology, forensics and criminal justice and its connection to people, public and private entities. Most crimes need a forensic knowledge for proper investigation and storage of evidence. In most jurisdictions, crimes and its punishment are codified. There is a strong connection between crime, investigation and court. The program will expose students to these connections in advanced level.

The program is targeted to prepare students with leadership skills and knowledge needed to succeed and occupy leadership positions in various industries. The program is both academically and professionally structured. Note: 36 credit units are required for Master of Arts in Digital Criminology, Forensic and Criminal Justice and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis.

Doctoral Degree Programs 1. PhD in Legal Studies

The PhD in Legal Studies is the apex academic degree in the postgraduate school of the Faculty of Law with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries.

Note: 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

2. PhD in Law

The PhD in Law is the apex academic degree in the postgraduate school of the Faculty of Law with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries. Student is at liberty to choose either PhD in Law or PhD in Law with specialization in:

1. Commercial Law
2. Constitutional Law
3. Criminal Law
4. Digital and Information Technology Law
5. Environmental Law
6. International Law and Jurisprudence
7. Private and Property Law
8. Public Law
9. Tax and Financial Law

Note: (a) 57 credit units are required for PhD in Law and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.
(b) 57 credit units are required for PhD in Law with specialization and its categorized as follows: 15 credit units for core courses, 8 credit units for general courses, 6 credit units for specialization courses, 12 credit units for doctoral seminars, and 16 credit units for thesis.

3. PhD in Digital Forensics and Cyber Security

The PhD in Digital Forensics and Cyber Security is the apex academic degree in the postgraduate school of the Faculty of Law with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries. **Note:** 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

3. PhD in Criminology, Forensics and Criminal Justice

The PhD in Criminology, Forensics and Criminal Justice is the apex academic degree in the postgraduate school of the Faculty of Law with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries. **Note:** 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

PROGRAMS

FACULTY OF AGRICULTURE

Bachelor's Degree Programs Bachelor's Degree Programs Offered in Agriculture

The Faculty of Agriculture offers interesting programs with objectives to prepare the students with the fundamental knowledge in Agriculture and equip them for the industry. The programs are offered through distance learning. The following Agricultural Courses are offered at Bachelor's Degree:

- 1.BSc Agricultural Economics and Extension
- 2.BSc Agriculture and Food Sciences
- 3.BSc Agriculture and Natural Resource Management
- 4.BSc Animal Science and Fisheries
- 5.BSc Botany
- 6.BSc Crop, Crop Production and Soil Science
- 7.BSc Crop and Environmental Protection
- 8.BSc Forestry and Wildlife Management
- 9.BSc Land Resource Management
- 10.BSc Zoology

•
Note: 120 credit units are required for Bachelor's Degree Programs and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses

Master's Degree Programs

Master's Degree Programs Offered in Agriculture

The Faculty of Agriculture offers interesting programs at Master's Degree level with objectives to prepare the students with advanced knowledge Agriculture and equip them for top career positions in the industry. The programs are offered through distance learning. The following Agricultural Courses are offered at Master's Degree:

- 1.MSc Agricultural Economics and Extension
- 2.MSc Agriculture and Food Sciences
- 3.MSc Agriculture and Natural Resource Management
- 4.MSc Animal Science and Fisheries
- 5.MSc Botany
- 6.MSc Crop, Crop Production and Soil Science
- 7.MSc Crop and Environmental Protection
- 8.MSc Forestry and Wildlife Management
- 9.MSc Land Resource Management
- 10.MSc Zoology
- 11.

Note: 36 credit units are required for Master's Degree Programs and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis.

Doctoral Degree Programs

PhD Programs Offered in Agriculture

The various PhD Programs in the Faculty of Agriculture is the apex academic degree in the postgraduate school of the Agriculture with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries. The programs are offered through distance learning. The following Agricultural Courses are offered at Doctorate Degree:

1. PhD Agricultural Economics and Extension
2. PhD Agriculture and Food Sciences
3. PhD Agriculture and Natural Resource Management
4. PhD Animal Science and Fisheries
5. PhD Botany
6. PhD Crop, Crop Production and Soil Science
7. PhD Crop and Environmental Protection
8. PhD Forestry and Wildlife Management
9. PhD Land Resource Management
10. PhD Zoology

Note: 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

PROGRAMS

FACULTY OF ENGINEERING AND SCIENCES

Bachelor's Degree Programs

Bachelor's Degree Programs Offered in Engineering and Sciences

The Faculty of Engineering and Sciences offers interesting programs with objectives to prepare the students with the fundamental knowledge in Engineering and Sciences and equip them for the industry.

The following Engineering courses are offered at Bachelor's Degree:

- BSc Agricultural Engineering
- BSc Biotechnological Engineering
- BSc Building Engineering
- BSc Chemical Engineering
- BSc Civil Engineering
- BSc Computer Engineering
- BSc Electrical Engineering

- BSc Electronics Engineering
- BSc Environmental Engineering
- BSc Geotechnical Engineering
- BSc Industrial Engineering
- BSc Material Science Engineering
- BSc Metallurgical Engineering
- BSc Mechanical Engineering
- BSc Mechatronic Engineering
- BSc Mining Engineering
- BSc Petroleum and Natural Gas Engineering
- BSc Petrochemical Engineering
- BSc Oil and Gas Engineering
- BSc Project Engineering
- BSc Software Engineering
- BSc Structural Engineering
- BSc Telecommunication and Information Technology Engineering
- BSc Marine Engineering
-

The following Science Courses are offered at Bachelor's Degree:

- BSc Computer Science
- BSc Chemistry
- BSc Food Science and Technology
- BSc Geological Science
- BSc Geography and Earth Science
- BSc Industrial Chemistry
- BSc Industrial Physics
- BSc Mathematics and Statistics
- BSc Marine Science and Oceanography
- BSc Marine Biology and Fisheries
- BSc Meteorology and Climate Change
- BSc Physics

Note: 120 credit units are required for Bachelor's Degree Programs and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

Master's Degree Programs

Master's Degree Programs Offered in Engineering and Sciences

The Faculty of Engineering and Sciences offers interesting programs at Master's Degree level with objectives to prepare the students with advanced knowledge in Engineering and Sciences and equip them for top career positions in the industry.

The following Engineering courses are offered at Master's Degree:

- MSc Agricultural Engineering
- MSc Biotechnological Engineering
- MSc Building Engineering
- MSc Chemical Engineering
- MSc Civil Engineering
- MSc Computer Engineering
- MSc Electrical Engineering
- MSc Electronics Engineering
- MSc Environmental Engineering
- MSc Geotechnical Engineering
- MSc Industrial Engineering
- MSc Material Science Engineering
- MSc Metallurgical Engineering
- MSc Mechanical Engineering
- MSc Mechatronic Engineering
- MSc Mining Engineering
- MSc Petroleum and Natural Gas Engineering
- MSc Petrochemical Engineering
- MSc Oil and Gas Engineering

- MSc Project Engineering
- MSc Software Engineering
- MSc Structural Engineering
- MSc Telecommunication and Information Technology Engineering
- Marine Engineering

The following Science Courses are offered at Master's Degree:

- 1.MSc Computer Science
- 2.MSc Chemistry
- 3.MSc Food Science and Technology
- 4.MSc Geological Science
- 5.MSc Geography and Earth Science
- 6.MSc Industrial Chemistry
- 7.MSc Industrial Physics
- 8.MSc Mathematics and Statistics
- 9.MSc Marine Science and Oceanography
- 10.MSc Marine Biology and Fisheries
- 11.MSc Meteorology and Climate Change
- 12.MSc Physics

Note: 36 credit units are required for Master's Degree Programs and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis.

Doctoral Degree Programs

PhD Programs Offered in Engineering and Sciences

The various PhD Programs in the Faculty of Engineering and Sciences is the apex academic degree in the postgraduate school of the Faculty of Engineering and Sciences with an objective to prepare students with leadership skills and knowledge needed to succeed and occupy top leadership positions both in the academics and other industries.

• The following Engineering courses are offered at Doctorate Degree:

- PhD Agricultural Engineering
- PhD Biotechnological Engineering
- PhD Building Engineering
- PhD Chemical Engineering
- PhD Civil Engineering
- PhD Computer Engineering
- PhD Electrical Engineering
- PhD Electronics Engineering
- PhD Environmental Engineering
- PhD Geotechnical Engineering
- PhD Industrial Engineering
- PhD Material Science Engineering
- PhD Metallurgical Engineering
- PhD Mechanical Engineering
- PhD Mechatronic Engineering
- PhD Mining Engineering
- PhD Petroleum and Natural Gas Engineering
- PhD Petrochemical Engineering
- PhD Oil and Gas Engineering
- PhD Project Engineering
- PhD Software Engineering
- PhD Structural Engineering
- PhD Telecommunication and Information Technology Engineering
- PhD Marine Engineering
-

The following Science Courses are offered at Doctorate Degree:

1. PhD Computer Science
2. PhD Chemistry
3. PhD Food Science and Technology
4. PhD Geological Science
5. PhD Geography and Earth Science

- PhD Industrial Chemistry
- PhD Industrial Physics
- PhD Mathematics and Statistics
- PhD Marine Science and Oceanography
- PhD Marine Biology and Fisheries
- PhD Meteorology and Climate Change
- PhD Physics

Note: 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

PROGRAMS

FACULTY OF ENVIRONMENT AND NATURAL SCIENCES

Bachelor's Degree Programs Bachelor's Degree Programs Offered in Environment and Natural Sciences

The Faculty of Environment and Natural Sciences offers interesting programs with objectives to prepare the students with the fundamental knowledge in Environment and Natural Sciences and equip them for the industry.

The following Environmental Science courses are offered at Bachelor's Degree:

- 1.BSc Architecture
- 2.BSc Building Technology and Design
- 3.BSc Environmental Sciences
- 4.BSc Estate Management
- 5.BSc Fine and Applied Art
- 6.BSc Geography and Planning
- 7.BSc Quantity Surveying

- BSc Transport and Logistics Management
- BSc Sociology and Communication
- BSc Urban and Regional Planning
-

The following Natural Science Courses are offered at Bachelor's Degree:

- 1.BSc Applied Biology
- 2.BSc Biochemistry
- 3.BSc Chemical Science
- 4.BSc Clinical Psychology
- 5.BSc Community and Social Health Development
- 6.BSc Health Care Administration
- 7.BSc Human Biology
- 8.BSc Mathematics and Statistics
- 9.BSc Microbiology
- 10.BSc Natural Science
- 11.BSc Naturopathy
- 12.BSc Science Laboratory Technology

Note: 120 credit units are required for Bachelor's Degree Programs and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

6. PhD Geography and Planning
7. PhD Quantity Surveying
8. PhD Transport and Logistics Management
9. PhD Sociology and Communication
10. PhD Urban and Regional Planning

The following Natural Science Courses are offered at Doctorate Degree:

1. PhD Applied Biology
2. PhD Biochemistry
3. PhD Chemical Science
4. PhD Clinical Psychology or Doctor of Clinical Psychology
5. PhD Community and Social Health Development
6. PhD Health Care Administration
7. PhD Human Biology
8. PhD Microbiology

- PhD Natural Science
- PhD Naturopathy
- PhD Science Laboratory Technology
- Doctor of Public Health (DPH)

Note: 57 credit units are required for Doctor of Philosophy (PhD) and its categorized as follows: 21 credit units for core courses, 8 credit units for general courses, 12 credit units for doctoral seminars and 16 credit units for thesis.

PROGRAMS

FACULTY OF PHILOSOPHY AND RELIGIOUS STUDIES

Bachelor's Degree Programs Bachelor's Degree Programs Offered in Philosophy and Religious Studies

The Faculty of Philosophy and Religious Studies offers interesting programs with objectives to prepare the students with the fundamental knowledge in Philosophy and Religious Studies and equip them for their careers. The programs are offered through distance learning. The following Courses are offered at Bachelor's Degree:

- 1.BA Christian Religious Studies
- 2.BA Comparative Religion
- 3.BA Islamic Studies
- 4.BA Philosophy and Applied Logic
- 5.BA Psychology
- 6.BA Religious Studies
- 7.BA Sociology and Religion
- 8.Theology and Ethics
- 9.BA African Traditional Religion
- 10.BA Asian Religion and Culture

- BA Religious and Culture
- Bachelor of Divinity (B.Div)

Note: 120 credit units are required for Bachelor's Degree Programs and it is categorized as follows: 69 credit units for compulsory courses, 33 credit units for elective courses, and 18 credit units for general education courses.

Master's Degree Programs

Master's Degree Programs Offered in Philosophy and Religious Studies

The Faculty of Philosophy and Religious Studies offers interesting programs at Master's Degree level with objectives to prepare the students with advanced knowledge Philosophy and Religious Studies and equip them for top career positions in the industry. The programs are offered through distance learning.

The following Courses are offered at Master's Degree:

- 1.MA Christian Religious Studies
- 2.MA Comparative Religion
- 3.MA Islamic Studies
- 4.MA Philosophy and Applied Logic
- 5.MA Psychology
- 6.MA Religious Studies
- 7.MA Sociology and Religion
- 8.MA Theology and Ethics
- 9.MA African Traditional Religion
- 10.MA Asian Religion and Culture
- 11.MA Religious and Culture
- 12.Master of Divinity (M.Div)

Note: 36 credit units are required for Master's Degree Programs and its categorized as follows: 26 credit units for compulsory courses, 4 credit units for elective courses and 6 credit units for thesis.

TUITION FEE

TUITION FEE FOR BACHELOR'S DEGREE

Application Form: The fee for application form is \$50.00. (Non – refundable)

Administrative Fee per Semester: \$50.00.

Tuition Fee per Semester: \$1,250.00.

Tuition Fee per Academic Year (2 Semesters): \$1,500.00.

Tuition Fee for the 4 Years (8 Semesters): \$10,000.00.

Defense Fee: \$100.00.

Transcript Fee: \$20.00 on Request but Free Copy on Graduation.

Graduation Fee: \$100.00.

Total Fees payable for Bachelor's Degree: \$10,650.00 (The fees include: application form, administrative fees for 8 semesters, tuition fees for 8 semesters, defense fee and graduation fee).

Note:

1. Fees are in US Dollars
2. Tuition fees must be paid before the commencement of each semester
3. Installment payment is allowed, either monthly, semester or yearly.
4. The fees do not include textbooks.
5. Courier charge depends on your location. You can come to the office in Curacao and collect your certificate or you can pay for the courier charge and it will be sent to your address.

TUITION FEE FOR MASTER'S DEGREE

Application Form: The fee for application form is \$50.00. (Non – refundable)

Administrative Fee per Semester: \$100.00.

Tuition Fee per Semester: \$1,670.00.

Tuition Fee for 1 Year (Trimesters): \$5,010.00.

Defense Fee: \$100.00.

Transcript Fee: \$20.00 on Request but Free Copy on Graduation.

Graduation Fee: \$100.00.

Total Fees payable for Master's Degree: \$5,560.00 (The fees include: application form, administrative fees for 3 semesters, tuition fees for 3 semesters, defense fee and graduation fee).

Note:

- 1.Fees are in US Dollars.
- 2.Tuition fees must be paid before the commencement of each semester.
- 3.Installment payment is allowed, either monthly, semester or yearly.
- 4.The fees do not include textbooks.
- 5.Courier charge depends on your location. You can come to the office in Curacao and collect your certificate or you can pay for the courier service and it will be sent to your address.

TUITION FEE FOR DOCTORAL DEGREE

Application Form: The fee for application form is \$50.00. (Non – refundable)

Administrative Fee per Semester: \$100.00.

Tuition Fee per Semester: \$1,670.00.

Tuition Fee per Academic Year (2 semesters): \$3,340.00.

Tuition Fee for the 3 Years (6 Semesters): \$10,010.00.

Defense Fee: \$100.00.

Transcript Fee: \$20.00 on Request but Free Copy on Graduation.

Graduation Fee: \$100.00.

Total Fees payable for Doctoral Degree: \$10,870.00 (The fees include: application form, administrative fees for 6 semesters, tuition fees for 6 semesters, defense fee and graduation fee).

Note:

- 1.Fees are in US Dollars.
- 2.Tuition fees must be paid before the commencement of each semester.
- 3.Installment payment is allowed, either monthly, semester or yearly
- 4.The fees do not include textbooks.

ADMISSION REQUIREMENTS

ADMISSION REQUIREMENTS & DURATION For BACHELOR'S DEGREE

Admission requirement for Bachelor's Program: Prospective students should have an A-level, High School Diploma or equivalent qualification.

Pattern of Study: The Bachelor's degree program can be study either open and distance learning, online, or research.

Time for Admission: Admission is at any time of the year. However, January, May, and September is obtainable.

Duration: The Bachelor's degree program can be completed in 4 years (8 semesters).

Commencement of Program: The date of commencement is stated on the admission letter. Student once admitted can commence.

FOR MASTER'S DEGREE

Admission requirement for Master's Program: Bachelor Degree or the equivalent of Bachelor's degree.

Pattern of Study: The Master's degree program can be study either open and distance learning, online, or research.

Time for Admission: Admission is at any time of the year. However, January, May, and September is obtainable.

Duration: The Master's degree program can be completed in 1 year (3 semesters).

Commencement of Program: The date of commencement is stated on the admission letter. Student once admitted can commence.

FOR DOCTORAL DEGREE

Admission requirement for Doctoral Program: Master's Degree.

Pattern of Study: The Doctoral degree program can be study either open and distance learning, online, or research.

Time for Admission: Admission is at any time of the year. However, January, May, and September is obtainable.

Duration: The Doctoral degree program can be completed in 3 years (6 semesters).

Commencement of Program: The date of commencement is stated on the admission letter. Student once admitted can commence.

APPLICATION FOR ADVANCED STANDING POLICIES

Advance standing is that admission status given to a prospective student who has met the minimal prerequisites for a particular course either by taking a course of similar nature from another institution or credit by examination. Prospective students attaining this admission status are exempted from taking the prerequisite courses; however, they must meet the minimal credit hour requirement for graduation at the particular level of graduation they have applied.

STUDENT AFFAIRS UNIT

The Student Affairs Unit is headed by a director. Student Affairs Unit is in charge of handling all grievances of the students and ensures that such grievances are resolved within a reasonable time. The principle of fairness and neutrality is the watchword in managing the resolution of grievances. Student Affairs unit is an intermediary between the Body of Students and the Management of the University.

POLICY ON DISCRIMINATION

Topland University declares that all students enjoy the right of freedom from discrimination. All students are treated equally, irrespective of gender, color, religion, race, height, physical disability, and etc.
